Pesticide Importers,

The purpose of this letter is to inform you that the U.S. Customs and Border Protection is now implementing its Automated Commercial Environment (ACE) importing system. Per Customs Interim Final Rule (IFR), pesticide Notices of Arrival (NOA) must be filed either, (1) electronically through ACE with your Customs and Border Protection (CBP) entry information, or (2) by paper with the EPA region and then filing with the CBP entry information.

EPA Region 9 is strongly encouraging that all NOAs now be filed through ACE, as our current EPA electronic data system will be shut down on March 31, 2017. As such, we want to ensure that you are taking the necessary steps to file electronically through ACE. Please contact Roy Chaudet at EPA headquarters to get started. His contact information is:

Roy Chaudet
202-566-1703
Chaudet.roy@epa.gov

Please note that the electronic filing process through ACE will have a much faster turnaround time than the paper filing option (e.g., minutes to days for the electronic filing process versus a minimum of 3 days for the paper process). Also please note that CBP will be notified to look at all paper filings of EPA-signed NOAs.

If you have questions regarding this letter, please contact:
